PRODUCT DESCRIPTION

The **SAPslim Cubicle System** is our newest, entry-level cubicle/divider product line. This versatile cubicle divider panel system was designed with affordability and practicality in mind. Its lightweight and modular construction makes it easy to quickly assemble in any work environment.

Pictured here is a standard configuration of a privacy L-shaped workstation. Panel heights on the **SAPslim Cubicle System** are always 65", but the panels themselves give you the option of colored fabrics, Sea Salt laminate, frosted polycarbonate (pictured) or white markerboards for those who like to write on the walls. Also pictured is an L-shaped worksurface, which gives you plenty of space for all your necessities.

Nearly any part of the configuration you see pictured here can be added to, substituted, or re-imagined. Add storage cabinets, additional workstations, or convert your desk to a sit-to-stand desk. The choices are limitless.
