PRODUCT DESCRIPTION

With its lightweight modular construction, the **SAPslim Cubicle System** is our latest entry-level cubicle/divider product line. This cubicle divider panel system was designed with affordability and practicality in mind and requires minimal assembly--making it ideal for nearly any size business.

Pictured here is a T-Shaped configuration composed of one panel in Sea Salt laminate and the other in our frosted polycarbonate. This is a freestanding arrangement, but locking caster wheels can be added to the base if you need to make it mobile and easy to move.

And don't forget, the panels can be the pictured laminate, or you can substitute with frosted polycarbonate, multiple fabric surfaces, clear acrylic, or even white marker board material.
