PRODUCT DESCRIPTION

The **SAPslim Cubicle System** is our newest entry-level cubicle/divider product line. This versatile cubicle divider panel system was designed with affordability and practicality in mind. Its lightweight and modular construction makes it easy to assemble quickly in nearly any work environment.

Pictured here is a U-Shaped, corrugated frosted polycarbonate wrap-a-round; a simple and inexpensive set-up which gives plenty of privacy to the occupant while continuing to let natural light to filter through. It features one of our [Quantum Sit-to-Stand](#) desks with a Black Oak laminate worksurface.

This configuration can be added to, modified, or re-imagined. The frosted polycarbonate can be exchanged with multiple fabric surfaces, the sit-to-stand desk can be substituted with a non-electrical

workspace. If you need to modify the design of this configuration, just give us a call and order over the phone.

Let *SKUTCHI Designs Inc.* answer any questions you may have before you order. We can help with your office design needs today.
