PRODUCT DESCRIPTION

Introducing the "Wally" mobile storage pedestal cabinet from **SKUTCHI Designs Inc.** The latest in our [**Sapphire Cubicle System**](#) product line of storage and locking file cabinet accessories.

This latest cabinet offers a bevy of features. They include its lightweight, yet extremely durable metal construction. Its unique rounded-edge top corners and non-porous metallic surface makes dusting, cleaning, and disinfecting a breeze. The custom key and lock mechanism secures both the top and bottom drawer. Also, mounted to the bottom of this mobile storage pedestal cabinet, are caster wheels which can lock into place to immobilize the unit. The bottom file drawer is capable of both letter and legal size files.

The Wally is available in a motif-neutral light gray color only. Its overall dimensions are just over 20" tall, 19 1/2" deep, and a tad over 1' wide. Above all, this mobile storage pedestal cabinet makes for a sensible and functional addition to any office or workspace. For more information contact our
