## PRODUCT DESCRIPTION

The **Indigo Desk Series** by *SKUTCHI Designs Inc.* gives you multiple appearance options for your office desk. The **Indigo Desk Series** offers multiple office desk options for laminates, desktop shapes, and bases which are designed to work with all of our cubicle and workstation product lines. In fact, you can customize the look and feel of your office desks to reflect the of nearly any workspace.

First, start with your choice of the desk's base. You may want to go with a traditional C-leg configuration or choose a more stylish "box" leg look. Bases are available in either charcoal gray or silver finishes and bring the desk height (with worksurface) to 30" high. Also, Modesty panels are available in perforated metal for our C-legs bases or beautifully crafted, silver modesty brackets to accessorize the frosted acrylics with our box leg configuration.

Additionally, our office desks offer laminated worksurfaces which are non-porous and easy to clean and disinfect. There are multiple laminate surface patterns to choose from: solid whites and grays to simulated wood grains.

These desks can come with a standard rectangular desktop or enhance and maximize your workspace with our L-shaped configuration.

And don't forget, you can order these desks direct from this website or consider speaking with one of our [professional office space project planners](#) over the phone. We can help you maximize your purchasing dollars with our decades of experience.
