PRODUCT DESCRIPTION

Why Buy Our Customer Service Cubicle?

The **SAPslim Cubicle System** is our newest, entry-level cubicle/divider product line. This versatile cubicle divider panel system is both practical and affordable. Its lightweight, modular construction makes it easy to assemble and disassemble. Moreover, there's no need for complicated tools and instructions. Because of its simplicity and design, any number of typical cubicle arrangements can be made. For example, customer service cubicles.

What Comes With This Product?

The customer service cubicle pictured on this page consists of our **SAPslim Cubicle System** divider panels (shown in our stock Sea Salt and frosted polycarbonate panels) and a worksurface and transaction shelf created from our [Sapphire Cubicle System](#). The worksurface and transaction shelf

are shown in White laminate and Charcoal fabric. This typical is perfect for businesses who interact with the public on a regular basis. Whereas the employee can sit on one side and perform their daily duties, the transaction top makes interactions with visitors simple. Also important is that all materials used are easily cleaned and disinfected with basic cleaning products.

What Else?

Finally, it's important you have a clear understanding of all options and preferences. For this reason, we suggest you contact **SKUTCHI Designs Inc.** today. Whatever questions you have, we can answer. Our goal is to make ordering your customer service cubicle as easy as possible.
